

## DEBASOFT TRZ

**Environment friendly cost effective degreasing agent for fur, double face, sheep nappa and bovine nappa.**

### Descriptive properties

<b>Appearance</b>	: Clear yellowish liquid
<b>pH (1:10)</b>	: 7,0-9,0
<b>Charge</b>	: Anionic
<b>Solubility in water</b>	: Easily soluble in cold and warm water
<b>Stability</b>	: Stable to electrolytes, mineral tanning agents, acids and bases under normal tannery conditions.
<b>Storage</b>	: App. 1 year - dry storage-

Debasoft TRZ is an environment friendly, universal washing, wetting, rewetting and degreasing agent for the production fur, double face and sheep and bovine nappa.

Debasoft TRZ thanks to its hydrotrope and dispersing power opens up the fiber structure, degreases and cleans. It can effectively be used in soaking, liming, deliming, bating and degreasing.

In double face and fur production, the use of Debasoft TRZ reduces the felting of the wools.

### Application recipes

#### For hides and skins:

In soaking	: 0,5 - 1,0 % based on raw salted weight
In liming	: 0,5 - 1,0 % based on raw salted weight
In deliming	: 0,5 - 0,8 % based on fleshed weight

#### For skins:

In degreasing of raw skins	: 4,0 - 7,0 % based on fleshed weight
In degreasing of pickled skins	: 5,0 - 8,0 % based on pickled weight

#### For fur and double face skins:

In washing	: 1,0 g/l based on 20 lt/kg skin (paddle application)
------------	---

#### For fur and double face degreasing:

During depickling	: 1,0 - 3,0 g/l
During degreasing	: 5,0 - 7,0 g/l
During rinsing	: 1,0 g/l

### Remarks

Before use, mix by stirring, pump circulation or any other suitable method below 15°C / -25°C.

### Packaging

120 kg in polyethylene drums.
